

Dear Sirs,

I believe that given the current state of technology that any proposal requiring morse for an amatuer license is outdated. WRC has removed morse as a requirement as have many national administrations. Therefore, I believe that the US as technological leader should be quick to follow suit.

This particular petition wishes to keep morse code as a requirement and while I believe that a more technical exam is required, I do not believe that the US should retain morse as a requirement.

Thank you,
John H. Unrath
